

Wisconsin Statewide Indicator 14 Post School Outcomes (PSO) Survey of Exitters with Disabilities

<https://www.indicator14wi.org>

<https://www.wipso.org>

Wisconsin School Districts and 2r Charters are required to participate in the Wisconsin Indicator 14 Post School Outcomes Survey once within a five-year cycle as required by the [DPI's Cyclical Indicators](#) data collection. In non-required years, any district or 2r Charter with a secondary population can choose to participate to collect valuable information on local former exitters who received special education services. Collectively, the outcomes of required district respondents are reported to the Office of Special Education Programs (OSEP) to fulfil the state's reporting responsibility. In 2017, 87 required districts participated, and an additional 78 districts participated electively.

Former students are surveyed one year after graduating/exiting high school with a regular diploma, a certificate of attendance, by reaching the maximum age of eligibility for services, or by dropping out of school. All districts can view their district Indicator 14 Report by clicking the **District Indicator 14 Reports** for 2018 <https://www.indicator14wi.org> and **District PSO Reports** for 2007 – 2017 at <https://www.wipso.org> links on the Welcome page. Additional district outcomes data and reports can be viewed by logging into the district's secure portion of the PSO websites. These reports provide Incentive Grant reports and data on additional survey questions about adult living, difficulties youth have had being employed or participating in postsecondary education as they planned, and the high school activities that helped them meet their goals.

The table below represents the data collection and reporting definitions and outcomes for the past three survey years and includes all districts participating within each survey year. Overall, 84% of former students are participating in some type of postsecondary education, training or employment. Read additional PSO Survey statewide reports at: <https://www.Indicator14wi.org/reports.statewide.php>.

Indicator 14 Post School Outcomes of Wisconsin Exitters with Disabilities within the Year of Leaving High School	2018 Outcomes 2016-17 Exitters N= 3958 of 7727 51% Response Rate	2017 Outcomes 2015-16 Exitters N= 2285 of 4164 55% Response Rate	2016 Outcomes 2014-15 Exitters N= 2378 of 4257 56% Response Rate
